

### **Help *Kid-in-a-Kayak* grow**

While kayaking is a sport that has potentially high barriers to entry because of the cost of equipment, the amount of funding that the Singapore Canoe Federation receives from SportSG on an annual basis that can be used for initiatives such as ***Kid-in-a-Kayak*** is negligible.

We would not have been able to get ***Kid-in-a-Kayak*** off the ground if not for the generosity of various benefactors who believed in the vision that we have for the development of kayaking in Singapore. The fleet of kayaks that the children are using for this programme was purchased with funds generously donated by these benefactors.

Going forward, we hope to be able to expand the programme to more children and are thus on the lookout for more sources of funding. If you would like to find out more about being a donor or sponsor in connection with ***Kid-in-a-Kayak***, do drop us an email at [kiak@scf.org.sg](mailto:kiak@scf.org.sg)
